

The Custodian Earth Solution Platform (CESP)

Let's take care of our environment!
Help us report the presence of litter on a beach

How it works

- Activate GPS on your smartphone and open the CESP app
- Select on the map the location where the litter was found
- Tap the + icon to add a new report
- Take a photo of the litter and save it
- Add any additional photos if needed
- Indicate the type of event being reported (e.g., Presence of litter, Plastic waste)
- Describe the event
- Indicate the complexity of the event (estimate the number of people required for 2/3 hours of activity)
- Review the summary of the report
- Save the report
- The report will appear on the map and in the list, where it can be reviewed
